Make/Do

Make/Do refers both to the artist way of life, and to the balancing of gifts and struggles that living with differences entails. This exhibition is the culmination of a year's work by eight participating artists who are deaf/Deaf or have disabilities, in Arts AccessAbility Network Manitoba's (AANM) Visual Art Salon mentorship program facilitated by Yvette Cenerini. The program provided a forum for group discussion and critique, and one-on-one career skill-building and resource-sharing throughout the Salon. AANM's Art Salons was made possible with funding from the Manitoba Arts Council.
